

Travel Tips

Trying to avoid needless delays? Here are a few tips to improve your travel experience:

- Label your luggage with your name, address and phone number.
- If you're traveling with gifts, keep them unwrapped in the event they need to be inspected by security.
- Check the weight restrictions of the airline you are traveling on prior to arriving at the airport.
- Give yourself plenty of time to check in and go through security, remember that certain times of the year (Thanksgiving, Christmas, and spring break) are busier than others.
- Consider security checks when dressing to fly. Some belts and shoes conflict with scanning devices and may need to be removed. Coats and laptop computers must go through x-ray devices, and laptops must be removed from their carrying case.
- Pack your valuables and medications in your carry on baggage.

Visit www.tsa.gov for air travel security updates, tips and lists of prohibited items.

Visit the Houghton County Memorial Airport Web site to check the status on arriving flights, for local and regional weather links and airport news:
